Seasons for Allowance

1. Claims 1-53 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art fails to show or suggest a method or receiver for providing data bits from a received signal comprising frames containing a first predetermined number of samples by creating N blocks of a second predetermined number of samples in a frame; determining if one of the N blocks is corrupted; determining estimated symbols from the samples in one of the blocks; and combining the estimated symbols in a predetermined number of the N blocks that are not corrupted to thereby provide the data bits. The prior art also fails to show or suggest a system for communicating data bits in a signal comprising frames containing symbols, over a channel subject to multipath interference, comprising a transmitter for creating the frames including a payload portion and a guard time portion wherein the samples in the guard time portion are copies of selected samples in the payload portion and a receiver for receiving the frames and determining the data bits from estimated symbols derived from received samples in the payload portion and at least a part of the guard time portion to thereby communicate the data bits.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
